As I near the end of my student-teaching experience at Thompson Valley, I wanted to take a moment to share just how much I've enjoyed having [REDACTED] in my class. She is a truly incredible artist—bringing enthusiasm and curiosity to every project, always eager to explore new ceramics techniques while staying true to her unique creative voice.

Beyond her artistic talents, [REDACTED]'s humor and energy make our classroom a place of joy and excitement. She has a wonderful way of uplifting those around her, fostering a fun and engaging atmosphere while also being a kind and supportive friend to her peers. One of the highlights of my time here was seeing her dedication and creativity shine through in her hammerhead shark project—it was such a fantastic reflection of her sense of humor and artistic vision, and it truly made my heart so happy!

Thank you for raising such a thoughtful, talented, and all-around amazing student. It has been an absolute joy to have her in class!

Best,
Ms. JR Frumerie (Mrs. Robinson's Student-teacher)

Hello Ms. JR Frumerie,

I wanted to say thank you for the letter you sent us about [REDACTED]. It made me cry. I am so proud of who she is becoming as a young woman and am beyond thrilled that she has found something that she loves.

She LOVES your class! The shark is on display in our house and will be forever, I think it's a great piece of art and it makes me smile!

I'm sure she will miss having you in class! Maybe you can exchange contact info so she can send you pics of her creations... I have a feeling she will continue to do art into her adult life.

Thank you again for the heartfelt note, it made my week!!! Best wishes to you and your continued journey in education. God bless.
