6. Finished art piece
7. Artist Statement

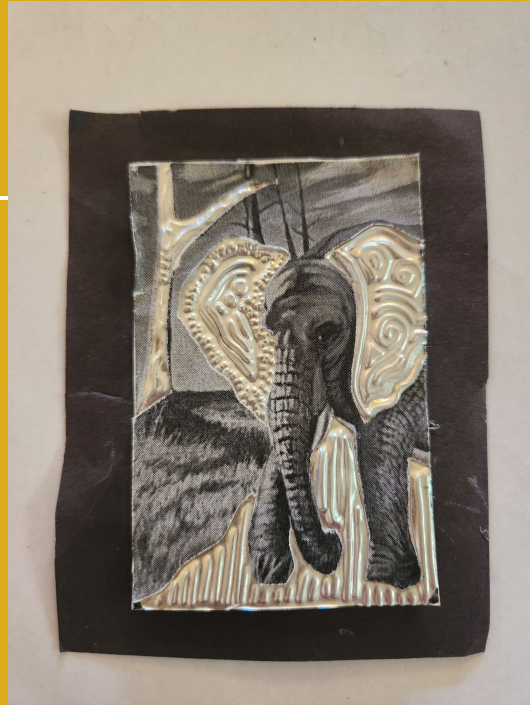

1. Describe the process you went through

What elements /principles of art are

Do you feel successful? Why or why not?

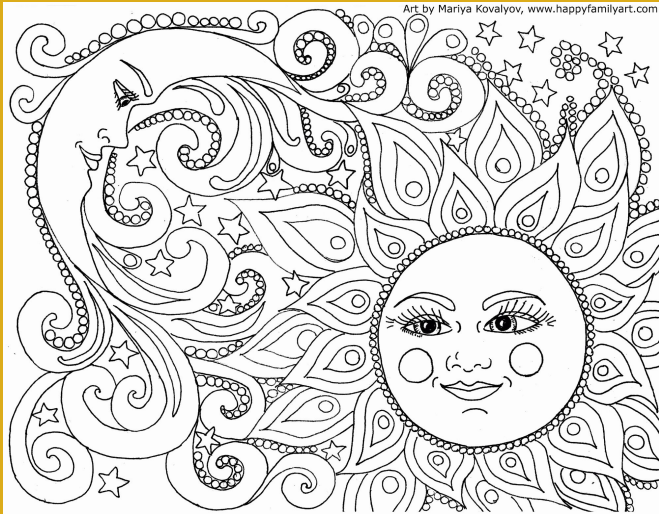

Embossed Box

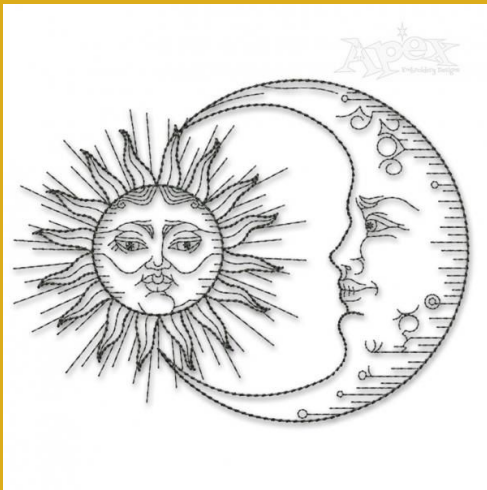

Goal

My goal for this project was to show my appreciation for nature and our world. Space is very interesting to me and so that inspired this idea.

Day 1

Day 2

Day 3

Day 4 Final

Artist Statement

The process to make this piece was very fun and time consuming. I did some research and found a drawing that I wanted to use. I embedded this design into my piece of metal and then I added a bit of dimension. Finally a touch of glitter! Principles of design used in this piece are contrast in texture as well as the element of some blank space. I feel success with this piece as it captures what I wanted it to.
